Dear Dr. Olyaeemanesh, Dear Dr. Najafi, Dear Dr. Asadi,

Attached please see "Iran COVID-19 epidemic models situation report No 18 - 1400-06-29, 2021-09-20".

I would be grateful if you could advise about rooms for improvement.

Dear Dr. Olyaeemanesh,

I hope you will find the Situation Report useful. It contains a summary of the results of international and periodically updated models of the epidemic in Iran, and comes from the web site <https://github.com/pourmalek/covir2>.

Attached is also a preprint for further reference about the CovidVisualized project that encompasses <https://github.com/pourmalek/covir2> for Iran, <https://github.com/pourmalek/CovidVisualizedCountry> for Canada, and <https://github.com/pourmalek/CovidVisualizedGlobal> for the global level.

Dr. Asadi is the prime mover for use, knowledge broking and translation, and dissemination of these Situation Reports. Report number 1 was shared in Khordad 1400.

Dear Dr. Najafi,

I am glad that you find the Situation Reports useful. This is an invaluable met objective indeed.

Dear Dr. Asadi,

Words fall short of expressing the gratitude for your generous and continued support.

Best regards,  
Farshad Pourmalek
