Study update dates in this uptake 20210806:

DELP 20210806, IHME 20210806, IMPE 20210719, LANL 20210801, SRIV 20210801

(JOHN)دانشگاه جانز هاپکینز، انعکاس گزارش های رسمی کشور ها به سازمان جهانی بهداشت (منحنی آبی رنگ) (DELP)مطالعه دلفی، انستیتوی فناوری ماساچوست کمبریج (منحنی قرمز رنگ) (IHME)مطالعه موسسه آی اچ ام ای، دانشگاه واشنگتن سیاتل (منحنی سیاه رنگ) (IMPE)مطالعه ایمپریال کالج لندن (منحنی صورتی رنگ) (LANL)مطالعه آزمایشگاه لس آلاموس نیو مکزیکو (منحنی طلایی رنگ) (SRIV)مطالعه اسریواستاوا در دانشگاه کالیفرنیای جنوبی (منحنی سبز رنگ)

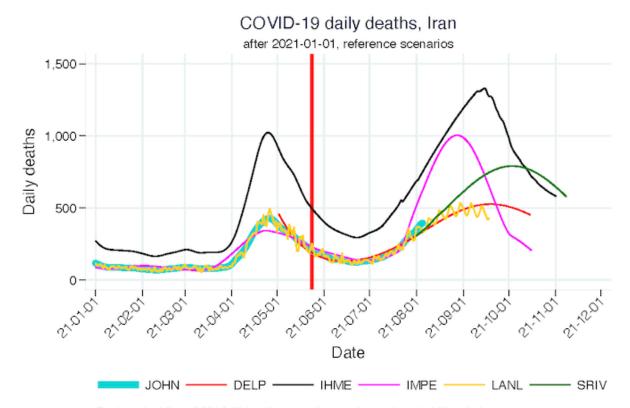

نمودار ها در صفحات بعد:

### (1) Daily deaths, all time

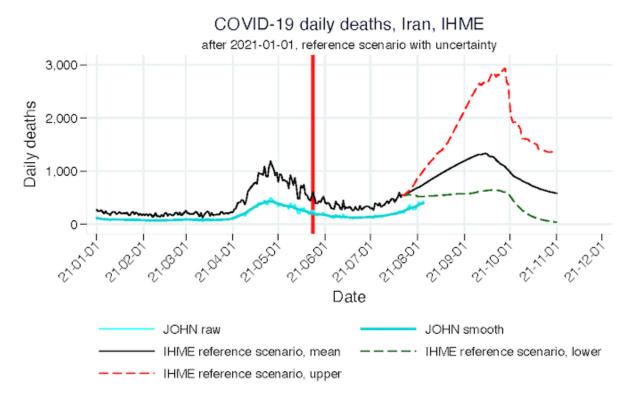

Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

### (2) Daily deaths, 2021

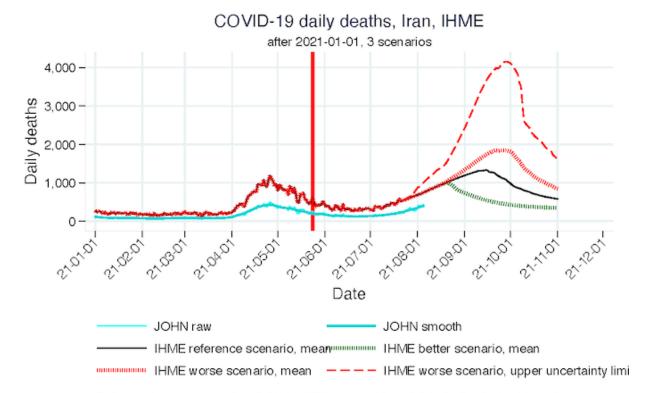

Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

### (3) Daily deaths, 2021, reference scenario with uncertainty, IHME

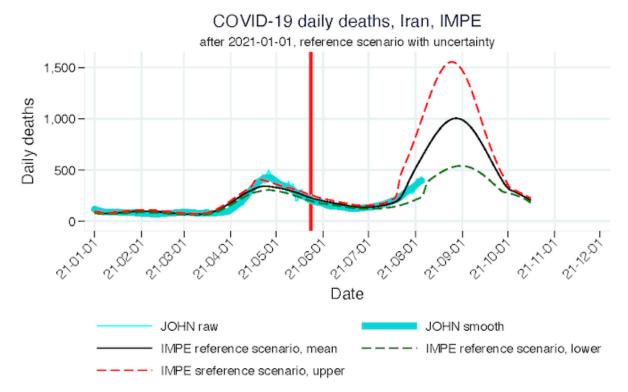

- Uncertainty limits; dashed (---) curves Red vertical line; 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

#### (4) Daily deaths, 2021, 3 scenarios, IHME

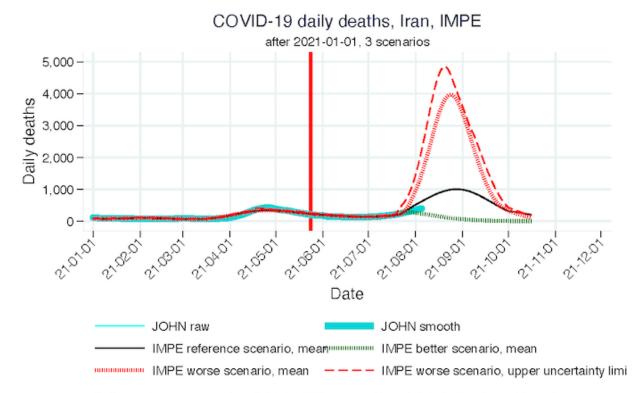

<sup>-</sup> Better and worse scenarios: tight dot (IIIII) curves; Uncertainty limits: dashed (---) curves. - Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

### (5) Daily deaths, 2021, reference scenario with uncertainty, IMPE

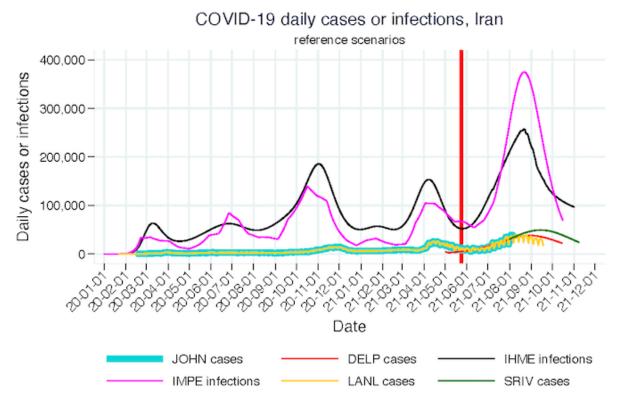

- Uncertainty limits; dashed (---) curves. Red vertical line; 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

#### (6) Daily deaths, 2021, 3 scenarios, IMPE

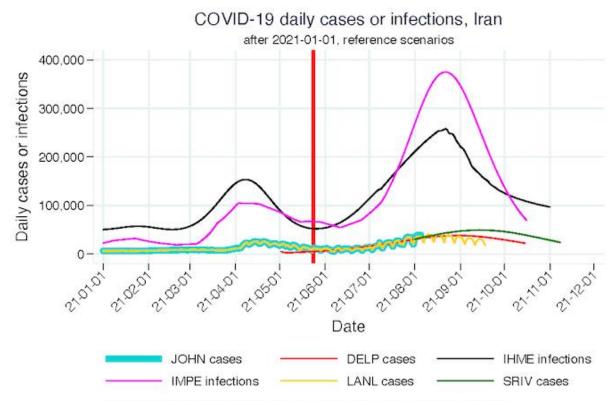

<sup>-</sup> Better and worse scenarios: tight dot (IIIII) curves; Uncertainty limits: dashed (---) curves. - Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

### (7) Daily cases or infections, all time

<sup>-</sup> Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

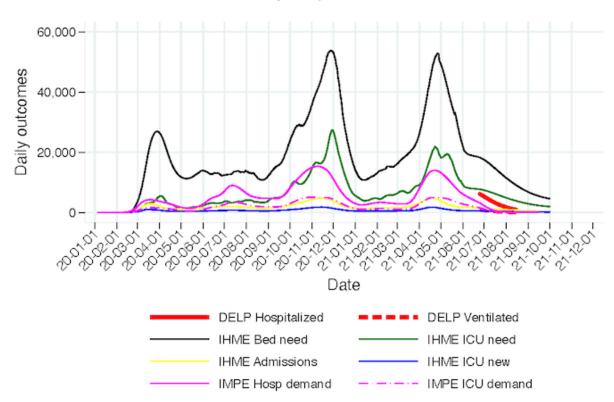

#### (8) Daily cases or infections, 2021

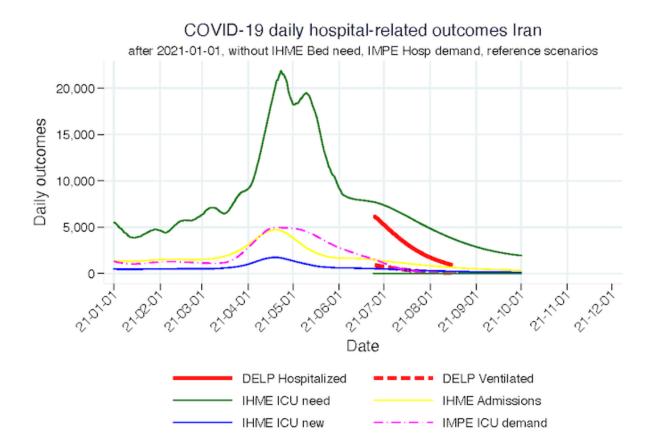

Red vertical line: 20210424 online meeting; estimated probability, timing, dimensions, drivers, preventive measures of fifth wave discussed with MOH.

# (9) Hospital-related outcomes, all time

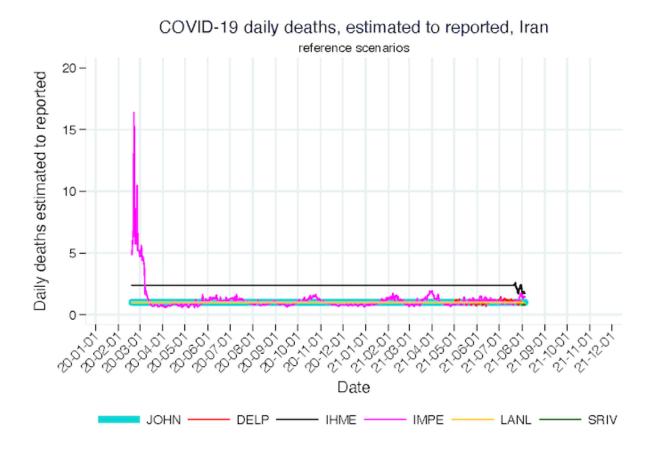

# (10) Hospital-related outcomes, 2021

# (11) Daily deaths estimated to reported, all time

# (12) Daily cases or infections estimated to reported cases, 2021
